Dear Friend,

If you are any age and especially over the age of 50 and would like to have **more confidence ... more sexual desire ... and fast, worry-free erections** that stay rock-hard as long as you want ... this may be the most important letter you will ever read.

You see, researchers have just figured out a way to combine an advanced natural formula with a revolutionary new delivery-system. This new breakthrough is a super-concentrated liquid called **ULTIMAN**.

**ULTIMAN** is specially formulated to end your sexual worries and restore your manly confidence, strength and performance with ...

- ✗ NO pre-planning
- ✗ NO waiting
- ✗ NO side effects
- ✗ NO dangerous drugs
- ✗ NO devices
- ✗ **NOT EVEN ANY PILLS!**

In fact, I'm so convinced that **ULTIMAN** will restore your potency, enhance your desire, improve your performance, and energize you with the strength

*Please keep reading ...*

and stamina of a teenager, that I am going to let you try in your own home ... **ABSOLUTELY RISK FREE**. You have nothing to lose... only GAIN!

Before I tell you exactly how to get your RISK-FREE supply, let me explain how this sexual breakthrough will absolutely change your life!

**The most powerful natural prosexuals on the planet combine to fill you with continuous, all natural sexual power!**

Since the dawning of time, man has used certain powerful herbs to safely enhance sexual desire, provide stamina, and ensure pulsing erections.

Although dozens of plants are claimed to work, science has finally unlocked the ancient secrets to identify the 8 specific herbals that are the very safest and most effective for overcoming sexual problems. They are

...

1. **Tribulus terrestris** has been used in the traditional medicine of China and India for centuries to help **overcome erectile dysfunction and low sex drive**.
2. **Epimedium grandiflorum L** restores **sex drive, confident erections, and stamina**. A 2008 lab study found that it could work better and be safer than current drugs.
3. **Liriosma ovata** is native to the Amazon rainforest where it's referred to as "potency wood" because of its ability to **enhance erections**.
4. **Withania somnifera** is one of the most vital herbs in Ayurvedic healing. In Sanskrit its name means "the smell of a horse," because it generates the **vigor and strength of a stallion**.
5. **Angelica sinensis** has been used for more than a thousand years in China, Korea, and Japan to promote strong blood flow, especially to the penis, thereby **enhancing erections**.
6. **Lepidium peruvianum** is a potent, ancient Peruvian superfood highly prized by Incan warriors to **increase stamina, boost libido, and combat fatigue**.
7. **Tumera diffusa** is a wild shrub used mostly to increase sexual desire. Its natural chemicals stimulate the genital area by enriching oxygen supply to **improve sexual fitness and performance**.
8. **Eleutherococcus senticosus** has been used in China for 2000 years to stimulate the body's production of testosterone which **fights impotence and improves sexual performance and desire**.

Individually, these prosexuals are powerful. But combined together in a precise formulation like never before, they can work miracles. And that's exactly what **ULTIMAN** does for you!

**Even if you've already tried these herbs,  
you haven't been getting nature's full benefit**

Now I know what you're thinking. You've probably seen these herbs in pill form before. And if you've tried them, I know you've been disappointed.

That's because the full sexual-supercharging power of these natural prosexuals has never been fully available to your body ... until now.

The problem is in your stomach. You see, the active ingredients in these natural prosexuals that stimulate potency, blood flow and sexual desire can be destroyed by stomach acids.

So, over 90% of the natural power contained in tablets or capsules is destroyed right in your own stomach before it can do its work.

But **ULTIMAN** changes all that!

**New technology breakthrough means just a teaspoon a day  
will keep you feeling "frisky" and ready to go!**

Finally a new laboratory breakthrough enables the erection-boosting power of these natural herbs to enter full-strength directly into your blood stream through the ultra-concentrated **ULTIMAN** drops.

**ULTIMAN** works when nothing else has... like nothing else can ... because only **ULTIMAN** gives you this precise formula of the 8 most powerful natural herbals. And only **ULTIMAN** delivers it, 100%, in this NEW way.

Simply take the ultra-concentrated **ULTIMAN** drops every day, and get ready for the best sex of your life ... **even if you have problems now!**

Nothing can stop these natural prosexuals from unleashing all your sexual power, strength and desire when they're delivered in **ULTIMAN'**s unique untra-concentrated drops!

Hour after hour **ULTIMAN** naturally stimulates the sexual functions of every organ and nerve-ending in your body in a safe, natural way. So you're always ready and able to perform like when you were a horny teenager.

You'll have no choice but to feel as frisky and powerful as a wild stallion while you enjoy incredible sex with ...

**Your body has  
NO CHOICE!**

• Increased sexual desire and satisfaction!

• Rock-hard erections the first time, every time ... no matter what your age or physical condition!

• Power to last as long as you want ... so you satisfy her every time!

• No more stress, embarrassment or worry over sex!

• More self-confidence!

Here's the bottom line: **ULTIMAN IS THE NEW, SAFE, NATURAL WAY TO  
SUPERCHARGE YOUR SEX LIFE IN EVERY WAY ... GUARANTEED!**
